1. 10/10 for the UI because the color palette that has been used corresponds to the color palette of the university.
2. 7/10 for the response rate since the website takes time to load.
3. 10/10 for the goal of the website since it provides all the needs of the students to view important matters in school.
4. 8/10 for the function of the website since there are functions that are not accessible.
5. 6/10 for the registration section since it's kind of useless since we can't register for our subjects by ourselves.
6. 8/10 for the schedule section since the details are not credible based on my experience.
7. 10/10 for the grades section since we can access our prospectus and view the advanced grades.
8. 9/10 for the account section since it executes its function well.
